

DOMAINES HENRI MARTIN

CHÂTEAU GLORIA

Saint-Julien

APPELLATION • AOC SAINT-JULIEN

SURFACE AREA • 50 hectares

DISTRIBUTION OF THE VINES • A vineyard with an average vine age of 40 years distributed over three zones, in the centre of Beychevelle, to the west and to the north of the appellation (bordering Pauillac).

GRAPE VARIETIES • 65% Cabernet Sauvignon, 25% Merlot, 5% Cabernet Franc, 5% Petit Verdot

NATURE OF THE SOIL • Gunzian gravel on a clayey-sandy subsoil

HARVESTING • Manual

FERMENTING CELLAR EQUIPMENT • Stainless steel vats with thermoregulation

VINIFICATION • Traditional method used for the production of exceptional wines to be laid down for a long time

AGEING • 14 months in casks, an average of 40% of which are replaced

HISTORY • Created by Henri Martin and the only one of its kind as this 50-hectare vineyard was put together piece-by-piece over a number of years, through the purchase of plots exclusively from grands crus classified in 1855. The origin of the terroirs, the care taken over the growing and the vinification all help to explain its world-renowned quality.
