

DOMAINES HENRI MARTIN

CHÂTEAU SAINT-PIERRE

Saint-Julien

CLASSIFICATION • 4ème Grand Cru Classé en 1855

APPELLATION • AOC SAINT-JULIEN

SURFACE AREA • 17 hectares

DISTRIBUTION OF THE VINES • A vineyard with an average vine age of 50 years, in the middle of the commune of Beychevelle.

GRAPE VARIETIES • 75% Cabernet Sauvignon, 15% Merlot, 10% Cabernet Franc

NATURE OF THE SOIL • Gunzian gravel on a clayey-sandy subsoil

HARVESTING • Manual

FERMENTING CELLAR EQUIPMENT • Stainless steel vats with thermoregulation

VINIFICATION • Traditional method used for the production of exceptional wines to be laid down for a long time

AGEING • 14 to 16 months in casks, half of which are replaced very year

HISTORY • The estate was created in the 17th century although a number of legacies subsequently led to it being split up and dispersed. Through a combination of good luck and tenacity, in 1982 Henri Martin was able to put the estate back together the way it had been in 1855, the year of the famous classification. Ever since, thanks to the investments made by the owners, Saint-Pierre has been acknowledged by everyone as a perfect representative of the Grands Crus Classés of the prestigious Saint-Julien appellation.
